Kate,

Thanks for meeting with me the other day and following up with the contact information. Our Bakken team will be submitting 3 UIC permit applications for wells on the Fort Berthold reservation before the end of the year. They plan to schedule a meeting with EPA in Denver to discuss the applications prior to submittal.

Regards

Dave

Hi Dave:

Good to see you the other day. Sadie Hoskie is the Director of our water program. She is expecting your call. She can be reached at 312 6390. I encourage you to provide her a sense of when the permit apps are likely to come in the door and offer to meet to walk her and her staff through them. Hope this helps
